The requester must provide sufficient detail on the request form to enable the company secretary to identify the record and the requester. The requester should also indicate which form of access is required, and if any other manner is to be used to inform the requester and state the necessary particulars to be so informed.

The requester must identify the right that is sought to be exercised or to be protected and provide an explanation of why the requested record is required for the exercise or protection of that right.

If a request is made on behalf of another person, the requester must then submit proof of the capacity in which the requester is making the request to the satisfaction of the company secretary.

A requester who seeks access to a record containing personal information about that requester is not required to pay the request fee. Every other requester, who is not a personal requester, must pay the required request fee.

After the company secretary has made a decision on the request, the requester must be notified in the required form.
